Do you have any research experience (outside of classroom activities)? If so, please describe it:

Why do you want research experience in close relationships/psychology?

What is your post-graduate plan, at this point, and how can getting research experience in psychology help with that?

What skills in particular would you like to develop as part of the Close Relationships Lab?

If you know your schedule for the semester already, what days and times are you available to work in the lab?

PLEASE EMAIL COMPLETED FORM TO LAURA VANDERDRIFT (LVANDERD@SYR.EDU)
